"Bear Aware"

There have already been several Bears spotted.

Lets clean up

- Barbecues
- Garbage
- Pets & Livestock
- Bird Feeders should be put away now
- Freezers should be locked not just for Bears but Children too
- Gardens will attract bears to so always be aware
- Fishing we all know that this is Alaska but be extra cautious, while you are fishing they could be fishing too.

Success is No Accident!

page 3 of 3

Being aware of all cross roads and Intersections will save lives.

Remember that there are many things coming at you from all directions on the road. Besides the distracted drives, we have animals of all sizes, kids and adults on bicycles that think they have the ride of way. Let's not for forget about Motorcycles they are very hard to see even with an experienced rider, from blind spots to sun in your eyes, they are like magic they just appear out of nowhere.

The number of deaths from bicycle incidents has increased 29%, from 793 in 2010 to 1,024 in 2017, according to Injury Facts.

Of the 1,024 bicyclist deaths in 2017, 679 died in motor vehicle crashes and 345 in other incidents.

Bicycle-related deaths peak in the summer months and remain high through September.

(NSC traffic facts)

Remember you are representing Davis Constructors and Mass Excavation with the company name on your vehicle anyone can call in to the office telling us you were texting and driving.
