

BUILDING HEALTHY KIDS

Summer Toy Drive

JULY 15-29, 2016

The Children's Hospital at Providence provides support and resources to all families, including those who can't afford services. Your donation will help provide an extra special touch for sick kids at a very difficult time.

BUILDING TOYS?

Studies show that building toys help develop valuable spatial skills and provide significant cognitive benefits for children of all levels and abilities. They also inspire future generations of architects, engineers and contractors!

Together we can help encourage healthy outcomes and give kids the **BUILDING BLOCKS** for success!

IN COOPERATION WITH:

MEMBERS OF THE

DESIGN & CONSTRUCTION COMMUNITY

Join forces with Architects, Engineers, Contractors, and Suppliers throughout Anchorage by participating in a Summer Toy Drive to help inspire healthy and creative kids at the **Children's Hospital at Providence**.

HOW CAN YOU HELP?

Share your passion for design and construction by donating a new, unwrapped building toy today. Building toys for girls and boys of all ages are encouraged, but any type of toy would be great!

To find out more or request a donation box for your office call Architects Alaska at **(907) 272-3567**.

The Building Healthy Kids Summer Toy Drive is sponsored by Architects Alaska. For more information, or to arrange a pick-up, please call **(907) 272-3567** or email Rob Culbertson at rculbertson@architectsalaska.com
